

SPINE, JOINT AND
PAIN CENTER

WELCOME

Thank you for choosing **Spine, Joint & Pain Center at MMC** for the evaluation and treatment of your medical condition. You have a choice for your medical care, and we are pleased that you have chosen us. We are confident that you will be very satisfied with our clinic and the services that we offer. It is our goal to make your experience comfortable, informative and efficient.

We pride ourselves on the quality of care we provide. You should leave your appointment with a better understanding of your condition and a treatment plan that best suits your needs. We are in the business of reducing pain and improving function. By meeting these two main goals, we hope that you will improve your quality of life and become more active.

We have included forms to help us obtain important information regarding your current condition, treatments you have received in the past and insurance coverage. By taking the time to fill these out prior to your visit, it helps us run our clinic more efficiently. Every patient visit affects the one thereafter. Please plan accordingly and arrive no later than 30 minutes prior to your 1st appointment. Please note, our office may reschedule your appointment if you are late for your appointment. No one likes to wait to be seen, and therefore we do not like to make our patients wait on us. We take pride in running on time.

Please bring a copy of any films you have had outside our clinic and the names and phone numbers of physicians that have treated you for this condition.

Your appointment is scheduled at the location below:

1272 Garrison Drive Murfreesboro, TN 37129

When you arrive at the Murfreesboro Medical Clinic, it will be easier to park closer to the North Entrance. Please go to suite 302 (Spine, Joint & Pain Center). Enter through the North Entrance, and take the elevator to the 3rd floor (see campus map attached). They will direct you to Patient Accounting to update insurance and demographics if needed.
